

CHILDREN ARE JEWS ARE NOW IN COLLISION ON WATER ARMED WITH PISTOLS.

Three Lives Are Lost in Accident in Missouri. They Will Hereafter Defend Themselves in Case of Trouble.

Lives of Sunday School Children Endangered By Captains. Secret Warning Signal Has Been Agreed Upon By Hebrews.

HANNIBAL, Mo., June 3.—Three children were drowned here by the collision of the steamer Flying Eagle, towing a barge filled with Sunday-school excursionists and a pier in the Hannibal bridge. The dead: LONNIE CURTIS, aged 15. LARRY COFFEY, aged 15. HARRY EICHENBERGER, aged 15. About 250 children from the Park Methodist Church Sunday-school of Hannibal had boarded the barge and a number were on the steamer. The excursion left Hannibal to run to Quincy and afford a view of the swollen Mississippi. As the boat swung out into the river the swift current seized the craft and despite all efforts, bore it straight down toward the stone pier of the bridge nearest the shore. With a crash the steamer was hurled against the pier and wrecked but did not sink immediately. For a time it was wedged against the pier by the current and the horror-stricken children and the accompanying adults climbed up the pier to the bridge. In this way almost half of the passengers were saved. Most of the children were rescued and finally swung loose from the pier and floated down stream. In the sudden swinging out of the barge the three children were thrown into the water and swept to their deaths. Carried by the surging waters at a rapid rate, the barge filled with screaming children, floated into the channel and for a time it seemed that all were doomed to perish. But from further down the stream the catastrophe had been witnessed and a number of skiffs and rowboats of different kinds. With one thought these boats were manned and like a miniature fleet they shot out into the swell of the stream to meet the barge. Encouragement was called to the children and they were urged to sit down and be quiet. This had a good effect. The rescuing boats surrounded the barge and the children were quickly taken from it and were safely landed.

GUARD CALLED OUT. JACKSON, Ky., June 3.—The jail guard was called out last night and a number of shots were apparently fired in the air to annoy the soldiers. Otherwise everything is quiet.

JAPAN IS LIABLE TO GO TO WAR WITH RUSSIA.

THE EMPEROR AND EMPRESS OF JAPAN.

VICTORIA, B. C., June 3.—According to mail advices from the Orient, Russian action on the Yalu is causing great alarm in Japan and it has been predicted that war will be the probable result if Russia does not recede. The Russian movements on the Yalu are shown to be a direct menace to Japan, for the scheme of action will give Russia command of the estuary of the Yalu. Yong-Ampho, where the Russians have bought a quantity of land and are massing troops under the guise of settlers, is on the main road running south from Wuju to Pyongyang and Seoul. Though an insignificant place, it has great prospective importance, or by recourse to some work of breakwater building and dredging it could be converted into an excellent harbor commanding the mouth of the Yalu. Its tenure by Russia, together with that of Yong Ching, would effectively deprive Korea of all access to the mouth of the Yalu, except by sea or with Russian permission. With Ku Lion Ching and Taku Shan, which were used by the Japanese as depots when their armies went to Manchuria, Russia would be mistress of the Yalu estuary and effectually block Japan. The Universal Gazette of Shanghai publishes a dispatch from Kiriin that an American engineer armed with a passport from the United States consul at Shanghai and a Chinese interpreter and servant, was ordered to leave the district by the Russian consul at Kiriin, who pronounced his passport useless. He went to Kiriin to examine some mines for a company.

ROOSEVELT IS CHEERED IN ILLINOIS TOWNS. WAS THERE PLOT TO KILL THE PRESIDENT.

Dedicates a Monument Erected to the Memory of the Lamented President Lincoln. SATCHEL FULL OF DYNAMITE IS FOUND NEAR TRACKS.

ROCKFORD, Ill., June 3.—President Roosevelt and party reached here from Dubuque at 8 o'clock and immediately afterwards were driven to the site of the Lincoln-Douglas debate in 1858, where a monument commemorating the event was unveiled in the presence of many thousands from Rockford and vicinity. At the courthouse the President was introduced by Congressman Hitt. The President referred to the debate as an "event" of far-reaching importance. He complimented the Women's Club of Rockford which erected the monument.

At 8:30 the party was driven to the depot amid the cheers of thousands and left for Rockford. President Roosevelt spoke as follows: "We mean to commemorate the spot on which occurred one of those memorable scenes in accordance with which the future history of nations are molded. Here were spoken words that will fly through that portion of eternity recorded in the history of our race. Here was sounded the keynote of the struggle which, after convulsing the nation, made it in fact what it had only been in name, at once united and free. It is eminently fitting that this monument given by the women of this city in commemoration of the great debate that here took place recalled by the man whose deeds made good the words of Abraham Lincoln and the soldiers of the Civil War. (Cheers and applause.) The word was mighty but had it not been for the word, the deeds could not have taken place. But without the deed the words would have been the idlest breath. It is forever to the honor of our nation that brought the statesman that could pierce the clouds that obscured the sight of the keenest of his fellows and could see what the future inevitably held. And, moreover, that we had back of the statesman and behind him the men to whom it was given to fight in the greatest war ever waged for the good of mankind, for the betterment of the world. I have but a moment here. I could not resist the chance that was offered me to stop and dedicate this monument, for great though we regard Abraham Lincoln, my countrymen, the future will put him on an even higher plane than we have put him. (Applause.) In all history I do not believe that there is to be found an orator whose speeches will last as enduringly as certain of the speeches of Lincoln and in all of history with the sole exception of the man who founded the republic, I do not think there will be found another statesman so great and so single-hearted in his devotion to the welfare of his people. "We cannot too highly honor him. The highest way in which we can honor him is to see that our homage is not only in words, but that we join loyalty of heart and that we pay honor to the memory of Abraham Lincoln by so conducting ourselves, by carrying ourselves as citizens of this republic that we shall stand on undiminished to our children and our children's children the heritage we receive from men who upheld the stately manhood of Lincoln into the courts and in the field. (Cheers and applause.)" AT ROCKFORD. ROCKFORD, Ill., June 3.—The feature of the visit of President Roosevelt to Rockford today was the dedication of Memorial Hall, a \$100,000 structure. The city was in gala garb. Local business men and manufacturers united in a movement for making the visit a general holiday. President Roosevelt reached Rockford at 9:15 a. m. He was accompanied by Congressman Hitt and John A. Davis. He was officially greeted by a committee of six, headed by Mayor Charles E. Jackson, and escorted to Memorial Hall. Congressman Hitt introduced the President to the vast audience and the President made a brief speech, after which came the unfurling of the flag over the memorial structure. The President and party then returned to their carriages and enjoyed a short drive through the principal streets, first passing in review some 4000 school children massed at a park adjoining the Memorial building grounds. Each child carried an American flag and the salute given President Roosevelt was a most inspiring sight. The decorations were the most elaborate ever attempted in this city. The throng in town was variously estimated at from 40,000 to 50,000. Following the visit of the President and his party there was a public parade of civic and military organizations. During the afternoon came the formal dedication exercises of the hall. Department Commander Benson Wood made the principal address of the day.

STRANGER ENDED LIFE WITH PISTOL. SAN FRANCISCO, June 3.—Well dressed and having the appearance of a well-to-do business man, an unknown man walked rapidly out to the end of the Powell street wharf today this morning stood for a moment at the end of the pier, then, with a quick movement whipped a revolver out of his hip pocket, sent a bullet crashing through his brain, and fell into the bay. His body has not been recovered.

MAY SOON END THE STRIKE. SAN FRANCISCO, June 3.—The strike begun on Monday by Laundry Women's Union No. 135, shows signs of being brought to an end. Forty firms, Sunset Press, Stanley, Taylor & Company, Barnhart & Company and H. L. Rotermundt, have wanted the demands of the union. Representatives of the employers holding out against the union will meet in this afternoon and discuss the situation.

Washington Authorities Have Matter Well in Hand. Fractured Victim's Skull and Jumped All Over Him.

WASHINGTON, June 3.—It is learned here that final steps have been taken towards a settlement of the award of \$1,000,000 by the arbitration committee in the case of El Triunfo, an American corporation whose franchisees were adjudged to have been invalid by the Salvadorean Government. This is the company in which A. W. Burrell, William LaR Hill, John P. Irish and a score of others in this city are interested. The corporation was composed almost entirely of Oakland people. It looks now as though they will get a settlement. SAN FRANCISCO, June 3.—With his body covered with painful bruises, his chest almost crushed in from men jumping upon it and his skull fractured, Vincent Lavagnino, a scavenger, lay all last night in a vacant lot at Greenwich street and Van Ness avenue. When taken to the Emergency Hospital today he said he had been brutally assaulted by other scavengers because he had obtained a contract for removing the sweepings from a large building, after they had been discharged by the owner. Lavagnino's recovery is doubtful.

The young man slipped as he jumped for the rapidly moving car and was struck by the projecting step. He was taken to the Pacific Hospital, where an operation to remove a portion of the fractured skull was performed at 4 o'clock this morning. His chances of recovery are considered slight. GILD A CROSS FAILED TO KEEP HIGH IN AIR

DARING WORKMAN TO TEMPT ST. FRANCIS DE SALES STEEPLE. WALTER C. INGALLS IS ARRESTED ON A SERIOUS CHARGE.

A great deal of interest has been centered in the prospective gliding of the great cross which surmounts the spire of the Church of St. Francis de Sales at the corner of Grove and Hobart streets. The cross alone of the big structure remains untouched by the decorator, although a platform has been erected around it and climbing ropes have been tied to the apex to enable the daring artist to ascend to his perilous place of labor.

A report has been in circulation that the steeple-climber who makes a specialty of work of this kind recently became ill, and that the job is awaiting his return to health. Another rumor is in effect that the same climber recently descended from a steeple at a much more rapid rate than he had ascended with, and that he had been so injured as to cause him to abandon his death-defying profession. These rumors, however, are without foundation. The delay in the work has been occasioned by repairs which had to be made to the cross. The latter is made of zinc and when it was about to be gilded it was found that a large section of it had been eaten away by rust and this section had to be replaced by an expert and daring tinner. This repairing has been completed, and in a few days the cross will receive its coat of gold. This will be done by a local artist whose work will be watched with interest, and trepidation because it will be done at a height of 175 feet and a mishap would mean certain death to the nervy workman.

PALMER DIVORCE NOW ON TRIAL.

The divorce suit of Palmer vs. Palmer was on trial before Judge Ogden today. A. R. Palmer is a surveyor of Alameda, and he is suing for a divorce from his wife, Emily G. Palmer, on the grounds of habitual intemperance. This repairing has been completed, and in a few days the cross will receive its coat of gold. This will be done by a local artist whose work will be watched with interest, and trepidation because it will be done at a height of 175 feet and a mishap would mean certain death to the nervy workman.

TRIAL BEGINS.

JEFF AND WHITE BROUGHT INTO COURT BY SOLDIERS THIS MORNING.

JACKSON, Ky., June 3.—Curtis Jett and Thomas White, alleged murderers of James Marcum were brought into court by a file of soldiers today. The court's order of yesterday to hold their trial has not been entered and upon the suggestion of the Commonwealth's Attorney Byrd of the inconvenience and danger to witnesses entailed, the court directed that the order be not entered and that the cases go to trial here. The judge will appoint A. N. Byrd to go to another county to get a jury.

NO DESK IN OFFICE.

Francis Dunn, who had the woman arrested in San Francisco yesterday on a charge of stealing his diamond ring, is not located at 511 Broadway, as stated. He has no desk in the office, but occasionally has mail directed to that address. He lives in San Francisco.

THEY WERE MARRIED.

Miss Alice May Harris and George A. Ribert were married in San Francisco this morning. Ribert is a prominent photographer in the city.

WALTER C. INGALLS IS ARRESTED ON A SERIOUS CHARGE.

Walter C. Ingalls, superintendent of construction of the Oakland Transit consolidated, was arrested this morning on a warrant issued by District Attorney Allen and Justice of the Peace Quinn. The girl is pretty and Ingalls is hard working and steady going. Samuel P. Taylor and Theo. Gier went on his bonds for \$2,000, after being detained a short time. Ingalls was given his freedom.

RIB STEAKS GET THEM IN JAIL.

Three young men went into a Seventh-street restaurant last night and ordered three tender rib steaks in a hurry, and because the cook did not hurry they swore at the waiter and were arrested for disturbing the peace. Fred Clausen, John Muller and James Roddin are the names of the young men, while the offended waiter is J. J. Jurash. When taken to the City Prison each was able to deposit \$5 bail and all appeared in the Police Court this morning and pleaded not guilty and wanted their trials set a week later, so Judge Smith will hear their story June 12th.

CHOICE TRACT TO BE SOLD.

A large tract of land in a very desirable portion of Fruitvale is advertised to be sold at auction on June 6th at 1:30 p. m. The tract is subdivided into suitable building lots that face on Fruitvale avenue and Hopkins street. It is between the terminus of two electric lines and is especially desirable for homes.

The streets are macadamized and sewerage, and has gas and water pipes. The tract has a large mansion and a cottage on it as well as a number of fruit trees. M. Marcus is the auctioneer and the terms are very liberal. Ten days are allowed to search the title.

HALF-WAY MARK HAS BEEN REACHED.

The Young Men's Christian Association has reached the half way mark in their subscription for the new building to be erected by them on the corner of Fourteenth and Jefferson streets. The sum of \$150,000 is necessary for the building and by June 1st they had \$75,000 pledged and subscribed. Those in charge are working hard in behalf of the new building and hope to have the balance of the \$75,000 raised before long.

NEW RECTOR FOR PROF. JAMES IS RE-ELECTED TRINITY

REV. CLIFTON MACON TO FILL PULPIT COMMENCING IN SEPTEMBER.

The vestry of Trinity Episcopal Church at the corner of Telegraph and Caledonia avenues has extended a call to Rev. Clifton Macdon, now assistant rector of Trinity Episcopal Church of San Francisco to become rector of the home congregation.

At the same time it elected Rev. Dr. Bakewell, the present rector of the congregation, to the position of rector-emeritus of the church. Rev. Mr. Macdon has signified his willingness to accept the call but final action will not be taken on the subject until the next meeting of the Vestry, Thursday night of next week. Leading members of the Vestry say that nothing remains to be done save to comply with the call of the congregation.

The Vestrymen comprise Rev. Dr. Bakewell, E. M. Sanborn, J. W. McClymonds, Dana Harmon, D. M. Doud, John Hampton, Joseph Saunders, Webb N. Pearce and L. J. Le Conte. Rev. Mr. Macdon will not assume the duties of his new position until September 1st. In the months while he intervenes, he will have charge of Trinity Episcopal Church at the corner of Bush and Gough streets, San Francisco, of which Rev. Frederick Clappett is rector. Mr. Clappett and wife have gone on a deep-sea voyage and will be absent on the cruise during the months of June, July, and August. Rev. Mr. Macdon has just returned from a honeymoon of 30 days' duration, his bride being Miss Janet Bruce of San Francisco, a young lady well known here and a graduate of the University of California.

LOST A BAG OF GOLD

SHERIFF IS LOOKING FOR JOHN SILVA'S UNKIND GUEST.

PLEASANTON, June 3.—As a result of his hospitality John C. Silva, who lives on a little farm near this place, was robbed of \$200 yesterday by a man whom he had befriended and who gave the name of J. Garcia. Sheriff John Bishop has heard Silva tell his story and now a warrant charging grand larceny is out for the arrest of Garcia.

It was almost midnight last Monday when Silva was awakened by a knock on his cabin door, and when, upon answering, found a stranger who said his name was Joe Garcia, and that he would like shelter for the night.

"I come from Portugal and am without a cent to pay for a bed. I haven't been in this country long, and as soon as I can I will get work and save up my money and return to Lisbon," said the stranger to Silva.

Being a native of Portugal himself, Silva could not see one of his countrymen in distress, and so invited him into his cabin and set before him a lunch, the best his larder afforded.

After Garcia had eaten his fill the two countrymen talked of home and their people. After a while Garcia rubbed his eyes and asked if he might sleep on Silva's bed. Silva, who was a kindhearted host, was willing that he should, but there was but one bed in the house, and the night was hard. He wondered why, and, upon placing his hand inside the pillow-slip, clutched a bag of gold. On suspecting Silva slept on, while his guest quietly put the bag of gold in his shirt bosom and then slept soundly the remainder of the night.

Upon awakening in the morning Silva roused his guest and together they had breakfast. Then Garcia declared that he must depart and look for work, for he wanted to earn money to return to the historic Lisbon.

After bidding farewell to Garcia, who took the turnpike to Hayward, Silva went about his chores and then about noon decided to make up his bed. He smoothed the sheets and patted the pillow, but instead of his hand coming in contact with his bag of gold as usual, he felt nothing but the soft feathers. Startled, Silva then emptied the pillow out of the slip, but still no gold. Then the bed was searched, but in vain. Finally it was found upon him that he had been robbed by his guest of the night, and hurriedly hitching up his horse he rode off to look for the thief. He had already gained Hayward and had embarked on the train for San Francisco.

It was about \$200 in the little bag and was soon to make the journey to his home in Portugal, but now I guess I will have to stay and earn the money all over again, said Silva to Constable Larkin Locke of Pleasanton.

The authorities are watching the steamship office in hopes that Garcia may decide to use the money to go home.

MORRIS C. JAMES.

BERKELEY, June 3.—Professor Morris C. James, who, for the last eight years, has been principal of the Berkeley High School, was once more elected to succeed himself at the meeting of the Board of Education last night. There had been some talk of Mr. James resigning to accept a more lucrative position in another part of the State, but any fear that he has been entertained on that score were dispelled at last night's meeting, when he was re-elected and accepted for another term the position, which he has faithfully filled in the past. Principal James was graduated from the Johns Hopkins University in 1893, after taking a course in the classics. For a year he pursued post-graduate work, receiving his B. A. degree. Upon leaving Johns Hopkins, he went to San Bernardino, where, for two years, he taught Latin and Greek in the high school. In 1896, he was called to this city, where he has remained ever since, and where, by the action taken last night, he will remain for at least another year.
